There's a man, I want to know again  
Get him to grow and then I'm gonna throw him back to  
you  
I knew that man, he fell out of the sky  
Swore that love would never die  
He understood what he meant to you  
Along came this boy, he liked to travel  
More like wander off  
Come home with the birds  
Maybe sleep out in the yard  
He was two arms full of noise

He's a shadow but he wants to be real  
Just a shadow but he wants to be real  
He's a shadow but he wants to be real again

Get some lonesome  
Get some lonesome  
Get some lonesome  
Get some lonesome

You loved that man with everything you had and then  
some  
Even when he was too lonesome to give back  
You'd throw something on the fire  
Sometimes he'd walk away  
Mostly he came back but not today  
No matter how you tried to pave the way  
He denied his grave with you

He's a shadow but he wants to be real  
Just a shadow but he wants to be real  
He's a shadow but he wants to be real again

Get some lonesome  
Get some lonesome  
Get some lonesome  
Get some lonesome

I see that man, he's playing your guitar  
Wondering where you are  
And the house is dark and hollow

He's a shadow but he wants to be real  
Just a shadow but he wants to be real  
He's a shadow but he wants to be real again

Get some lonesome  
Get some lonesome  
Get some lonesome  
Get some lonesome
