(guitar intro)

Goodbye friends,
Ya told me lots of line.
I talked too,
And I reached the other side.

I'm leaving you,
in the holy waiting room.
If I see you again,
It'll be too soon.

She came all the way to California,
Just to watch me fail.
Now you're all the way to Californ-i-a,
Honey I wish you well.

Words on the paper,
Tapers in the air.
You could write a thousand letters,
And I would not care.

Cash in your favors,
Sweet saviors in the fire.
You fell through my door,
In your dirty swan dive.

She came all the way to California,
Just to watch me fail.
Now you're all the way to Californ-i-a,
Honey I wish you well.

(guitar break)

Oh help me people!
What's a good man to do?
After she drags me down,
She'll be draggin' you too.

Well I used to try and change her,
But she paid me no mind.

Now every minute with her,
Is a waist of my time.

She came all the way to California,
Just to watch me fail.
Now you're all the way to Californ-i-a,
Honey I wish you well.

Honey I wish you well.
Yes I wish you well.
