I looked you in the eye  
You are the most alive  
Then I woke up one day and just walked away

You got everyone's attention  
But nobody's heart  
I might come back again, but not today

I read your magazine  
I saw your movie screen  
I touched your golden peaches and I walked away

I drank your sweet champagne  
I took your meek cocaine  
I might do it again, but not today  
I might do it again, but not today

I'm gonna step against my fear  
Lean into the only love thats real  
I mighta lose it again, but not today

She loved me just enough to remain confused  
But not too much to just walk away  
She loved me anytime  
I was a mess at times  
She mighta love me again, but not today  
She mighta love me again, but not today  
She mighta love me again, but not today
