Visit "[Tell Me If](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Tell me if my life, its all complete , full with lots of pain  
and destiny,  
Tell me if I hurt you , because u ain't been hurt,  
Tell me if I am right , because I want you by my side,  
Tell me if I am wrong , cause I could give up all to you.

Sometimes when I think all the things we do.. mm ,  
there's a shiny light I could see in your face, we ain't  
fall in love but you take my heart , I start falling with all  
my faith , mm  
You 'll be the reason why I been start , writing all this  
messages , just for you to understand.

Tell me if my life, its all complete , full with lots of pain  
and destiny,  
Tell me if I hurt you, because u ain't been hurt,  
Tell me if I am right , because I want you by my side,  
Tell me if I am wrong , cause I could give up all to you.

Now I try to know were did I go bad , trying to fit in  
every step, or just go back, I used to love u , so why u  
leaved me ? , there's only memories, I could still go on  
and on , but there is something , that I can help by my  
side , sometimes people get me wrong when it's  
something I've said or done , 2 little things can just  
help me, it's to fit in , and give u up all my time.

Tell me if my life , it's all complete , full with lots of pain  
and destiny,  
Tell me if I hurt you , because u ain't been hurt ,  
Tell me if I am right , because I want you by my side,  
Tell me if I am wrong , cause I could give up all to you.

I fill tired to try and try , but the only way it's just say  
good-bye,  
You've been the reason of why I've here, so any way, I  
just must said good-night

Tell me if my life, it 's all complete , full with lots of  
pain and destiny,  
Tell me if I hurt you , because u ain't been hurt ,

Tell me if I am right , because I want u by my side,  
Tell me if I am wrong , cause I could give up all to you,  
Tell me if you could forgive me , cause with your love  
boy , I could give up everything,  
So don't let me tell ya , that please forgive  
meâ€¦â€¦â€¦â€¦â€¦â€¦.
