(UNTITLED) CURSED

Cursed
With loving you baby
It Hurts
Cause you'll never know it
I was prepared to hopelessly love you
But you ain't thinking bout me
That's the torture I go through (2x)

It's been a long long time now
And I've been trying to get you out
Of my head, of my heart, of my whole damn soul
This love is still lingering
It's getting old
But it ain't dying
It's not even trying
And I can't fight it
I just bury it at the bottom
Hoping you might find
You were my love, You were my first
Now this love is just a curse

Cursed
With loving you baby
It Hurts
Cause you'll never know it
I was prepared to hopelessly love you
But you ain't thinking bout me
That's the torture I go through(2x)

I don't know why I even call
Thinking our time has come again
Cause the first time wasn't right
No we were too young
I was too serious
You wanted to have fun
And Now I look at us and see
How good it could be
If we could only get passed the past
And See

That the love we had was rare
If we try it can last

Cursed
With loving you baby
It Hurts
Cause you'll never know it
I was prepared to hopelessly love you
But you ain't thinking bout me
That's the torture I go through(2x)

I'll be always loving you
I'll be always loving you
No matter what or where
I will always care

Cursed
With loving you baby
It Hurts
Cause you'll never know it
I was prepared to hopelessly love you

Repeat Until End
