Undenied undenied undenied undenied undenied

undenied undenied undenied undenied undenied  
undenied  
undenied undenied.

Death before life, death before life, death before life,  
death before life, death before life, death before life.

You're in my place again. Echoes deprive us enough.  
You're in my wailing. Decide what it means to work in  
fire.  
Decide what it means to work in fire.

Shadows casting bodies, who knows which way things  
will go?  
All swift images upside down to be upright, upside  
down,  
you'll make them cry.

Death before life, death before life, death before life,  
death before life, death before life, death before life.

Another place again, you and my loneliness speak now.  
I realize I don't have much further to go.  
I don't have much further to go.

The afterglow, the afterglow, the afterglow, the  
afterglow,  
the afterglow, the afterglow.

Life running backwards, nailed up and freezing, aah  
ahaa.  
Life running backwards, nailed up and freezing.  
Put the past before you, aah aah.

Put the past before you.

Down is my placement. No place out there I have to be.  
Lost is where I am and I've no reason to be found.

To resound, from no sound to resound, from no sound  
to resound,  
from no sound to resound, from no sound to resound,  
from no sound to resound.
