"Out Of The Darkness"

I could live a thousand years
Never earn a moment of Your grace
Even in my darkest day
You shine on me
You shine on me

And out of the darkness
You brought me into Your glorious light
Saved from the death I was facing
Rejoicing in the future, a hope that is mine

The greatest of all gifts
From the greatest of all givers
Jesus there upon the cross
True love displayed for all to see

And your grace runs after me
Runs after me
Everyday of my life
And your mercies they never fail
They never fail
Everyday of my life
