I can't leave you,
but I know you can't stay
I never thought our love could end up this way
And I can't imagine
livin life without you now
How could this happen, that your love let me down?
I never thought I'd feel so much hurt inside
So much to even let down my pride
And I know it's over now,
so darlin help me out

Before you go tomorrow
just love me today
Whisper you'll stay with me
Tread softly as you walk away

My love of a lifetime
had left suddenly
I thought 'I love you' could go on endlessly
And I can't believe you
that you could go on
There's no way out, I'm not that strong
Now my thoughts are staring into your eyes
And my heart just wants to ask you 'Why?'
Why did this have to be?
That you're leavin me

Before you go tomorrow
just love me today
Whisper you'll stay with me
Tread softly as you walk away

There's no sense in denyin
I know that I'm just lyin to myself
I need your help, so don't go away
Just give me one more night
to help me make things right
Cuz I don't believe that you wanna leave
And end it this way

Before you go tomorrow

just love me today
Whisper you'll stay with me
Tread softly as you walk away
Before you go tomorrow
just love me today
Whisper you'll stay with me
Tread softly as you walk away
Don't leave me now
Just stay with me tonight
For tomorrow we will say 'goodbye'
