SPOKEN:

I know you want me, I got your mind paralyzed.
Is it infatuation that keeps you awake at night?

HOOK:

When you think about me
Do you think about us
Falling in love
Do you wanna get with me, with me
When you think about me
Do you think about us
And making love
Do you wanna get with me, with me

When you sleep at night
Does Monica star in your dreams
Are you thinking of me all the time
What does it mean
Do you fantasize to your surprise
And there I am
Making you realize that deep inside
You wanna be my man

Are you still playing childhood games
Or all grown up
Because my appetite says
Too much is not enough
I'm curious and
I don't mean to make a fuss
But I think about you
Do you think about us

HOOK

When you think about me, tell me
Do you think about me

When you daydream
Does sweet Marie stay on your mind
Or do you find yourself
Wishing you were here by my side

Do you wonder if it's possible
To get me alone
Why don't you hit me on my pager
Or my cell telephone

When you're at the club is there
No one else that turns you on
The way you're looking at me
I can tell you wanna get it on
I'm curious and wanna feel
The heat of your touch
You know I think about you
Do you think about us

HOOK 2x

When you think about me, do you think about us
You wanna get with me, tell me tell me
Am I on your mind all of the time
Lemme know, lemme know, lemme know
Lemme know, lemme know, lemme know

Tell me do you think about
Me and you workin' out
Do you wanna fall in love
Shine like the stars above
Tell me do you want me
It's your opportunity
If you wanna be my man then take me by the hand

All day all I wanna do is spend my time with you
All nite I know you wanna get with me too
Do you think 'bout me the way that I think 'bout you
You can serve me right like nobody else can do

When you think about me...
