What do you do when Romeo turns out to a player  
thrill seeking using you when we spend our lives  
dreaming of the right one, so afraid they will pass us  
by?

What do you do when Romeo's kiss turns out to be  
incurable?

What do you do when the price of love is that high?

If only I had a little more time I'd travel the whole wide  
world with you

If only I had a little more time I swear that I'd be good

If only I had a little more time I'd make you smile  
everyday

If only I had a little more time I'd spend it all, all with  
you

I'd spend it all, all with you

I'd spend it all, all with you

If you could see the future

would you be able to hold it all together in your  
everyday life?

Could you walk down the street with a smile on your  
face

knowing it's your last day

Or press send when you know your pleas for help will  
be ignored?

yeah you know your pleas for help will be ignored

If only I had a little more time I'd travel the whole wide  
world with you

If only I had a little more time I swear that I'd be good

If only I had a little more time I'd make you smile  
everyday

If only I had a little more time I'd spend it all, all with  
you

If only I had a little more time I'd travel the whole wide  
world with you

If only I had a little more time I swear that I'd be good

If only I had, if only I had a little more time

If only I had, if only I had a little more time
