You treat love like a game you've gotta win
must impress, must be the best at this
leave no stone unturned until you win

Like a dog that's got to get the bone
it don't belong to you but won't stop
until it's in your hands

I gave you all my love
I gave you all my love
there's nothing left but a cavity
I gave you all my love
I gave you all my love
there's nothing left but a cavity
I gave you all my love
I gave you all my love
there is nothing left but hollow space where my heart
used to be
where my heart used to be
it's just a cavity
it's just a cavity
it's just a cavity in me
it's just a cavity
it's just a cavity
it's just a cavity in me

Your love feels like an infectious disease
You are both the cause and cure of it
I'm running out of time
going out my mind
Just wanna hold one more time
Just need to hold you one more time
Just got to hold one more time
Just need to hold you one more time

I gave you all my love
I gave you all my love
there's nothing left but a cavity
I gave you all my love
I gave you all my love
there's nothing left but a hollow space

where my heart used to be
where my heart used to be
it's just a cavity
it's just a cavity
it's just a cavity in me
it's just a cavity
it's just a cavity
it's just a cavity in me
it's just a cavity
it's just a cavity
it's just a cavity in me
it's just a cavity
it's just a cavity
it's just a cavity in me

I gave you all my love
I gave you all my love
there's nothing left but a cavity

I gave you all my love
I gave you all my love
there is nothing left but hollow space where my heart
used to be
a hollow space where my heart used to be
