Looks like butter wouldn't melt  
just illusion oh illusion  
You see what you wanna see  
You only see what you wanna see  
Is she poison? She feels like poison to me, to me  
Why am I trying, why am I trying so hard?  
She doesn't want me, she doesn't want me or so she  
says, or so she says  
She doesn't know what she really wants  
but does she know she ain't found it yet?

No second chances, no changed opinions  
Failure is not an option  
No second chances, no changed opinions  
Failure is not an option  
No second chances, no changed opinions  
Failure is not an option, it's not an, an option to me

Mind control, mind games, roughed up  
No laughing matter under the carpet swept up  
Oh yeah we are gonna sweep it all up  
Let's pretend we'll all be friends  
Let's pretend we'll all be friends  
Let's pretend smile for photo  
Let's have a group hug  
no one gives it up  
Mind control, mind games, roughed up  
No one to blame

No second chances, no changed opinions  
Failure is not an option  
No second chances, no changed opinions  
Failure is not an option  
No second chances, no changed opinions  
Failure is not an option

No second chances, no changed opinions  
Failure is not an option  
No second chances, no changed opinions  
Failure is not an option  
No second chances, no changed opinions

Failure is not an option, it's not an, an option to me  
not an option to me  
it's not an option to me  
it's not an option to me
