I hope when you're ready that you don't forget me  
Oh when you settle down I hope it's me that you choose  
to be the one with you

Oh when you settle down let it be with me  
I want to be your forever love

Forever love  
That's meant to be  
You and me cos I've loved from first sight  
I've loved you since I looked you in the eyes  
The very first time I knew you were for me

I wanna be your forever love  
Want to be the one you settle down with  
Forever love  
Let it be me you choose

Let it be me  
Forever love  
Let it be me  
I wanna be the one you choose  
Forever love  
Let me be the one  
The only one  
Forever love  
For I've loved you from first sight and I always will
