She gently meditates her life through  
She knows he'll never treat like he should  
She just smiles at the bruises and laughs through her  
tears

All her children have grown up  
but her oldest son remains  
he stays at home to keep her company and protect her  
every now and again

She is a gentle goddess  
She is a gentle goddess  
She is a gentle goddess  
Smiling through her tears

It's funny how her smile is still there  
Never shows her sorrow in her face  
crazy how if she had her life to relive she would still do  
it all again  
so sincere you cannot criticise  
for all her love couldn't change the world  
but it's never stopped her trying  
oh no it never stopped her trying

She is a gentle goddess  
She is a gentle goddess  
She is a gentle goddess  
Smiling through her pain  
Smiling through her pain
