Everytime I walk into a room suddenly you need to
leave

Baby do I hurt you just by looking at you

Tell me how to reverse this situation

Tell me how to please you, I just wanna please you

I could be your goldstar, I could be your one big love

I could be, I could be

I could be your soulmate

I could be your goldstar, I could be your one big love

I could be, I could be

I could be your soulmate

Tell me how you like it, Tell me how you want it

Tell me, Tell me, Tell me how you need it

Tell me how you like it, Tell me how you want it

Tell me, Tell me, Tell me how you need it

Ain't no point in delaying the inevitable

Everytime you try to suffocate this love

you just make it worse

No kinda therapy takes this fire away

I could be your goldstar, I could be your one big love

I could be I could be

I could be your soulmate

I could be your goldstar, I could be your one big love

I could be, I could be

I could be your soulmate

I could be your goldstar, I could be your one big love

I could be I could be

I could be your soulmate

I could be your goldstar, I could be your one big love

I could be, I could be

I could be your soulmate

Tell me how you like it, Tell me how you want it

Tell me, Tell me, Tell me how you need it

Tell me how you like it, Tell me how you want it

Tell me, Tell me, Tell me how you need it

I could be your goldstar, I could be your one big love

I could be I could be

I could be your soulmate

I could be your goldstar, I could be your one big love
I could be, I could be
I could be your soulmate
