Hey now lover you keep dreaming that you were free
We both know you are no longer in love with me
Hey now lover please don't cry I'm going do
What I should have do such a long time ago
I'll set you free so go be free
Cos I wanna give you your smile no matter what it costs
me

Oh hey now lover go on be free
I'll give you your smile back no matter what it cost me

Our past is over but your future is yet to start
And you go line dancing in every single bar
And please don't forget me if you need me anytime
But hey now lover I've made up my mind

hey now lover I'm setting you free
hey now lover go on be free
Oh baby I'll give you your smile no matter what it costs
me
hey now lover go go be free
oh hey now lover have a smile on me
And don't you ever shed a tear
Oh hey now lover I'm setting you free
Please go dancing any night you please

For my love is making you grow cruel
I don't want to feel this sadness
so run riot and do what you do
I don't wanna be the one that tamed you

So hey now lover I'll set you free
Oh hey now lover do as you please
Oh hey now lover I'm letting you go
but know my lover, you should know
you're the one I wished I could keep
You're the one

but hey now lover I'm setting you free
Oh hey now lover
