You mesmerise me
Something in your eyes
Mischievous and I like
I'm not pretending
Just telling the truth
I really like you and that's the truth

But you're forgetting I can't read your mind
If you don't tell how will I find out how you feel?
Oh I can't read your mind
Cos I'm not psychic I can't read your mind
Oh I'm not psychic I can't read your mind
We can't rewind so I need to find

A way to tell you you're oh so cute
A way to tell you you're far too cute
It is must be illegal to be that cute
I tried to tell you but what to say
Cause I can't read your mind so I can't decide

Are polite or do you like me back?
It's hard to tell
I could make a fool of myself again
But I just don't know what you want
I just don't know if I've let everything get out of control

Oh I can't read your mind
Oh I'm not psychic
Oh oh Cause I Can't read your mind
Oh I'm not psychic
I Can't read your mind
Cos I'm not psychic I'm not sure
I'm not sure if you're the one for me
Cos I'm not psychic
I can't read your mind
If I could I would have already do so
Oh I'm not psychic
Can't read your mind
