There is no forgiveness left
That well has ran dry
There is no turning back
You made your decision when you committed that act of
cruelty
And if she is behind you well then she deserves you
You are both equally cruel

And I have come to the conclusion I do not want you
I do not want you

She can have you, she deserves you
She can have you, she's as bad as you
She can have you, she deserves you
She can have you, she's as bad as you
You should have an equal that's for sure
You should have an equal for sure
And I'm not, I'm not like that
I'm not, I'm not like you

Secretly I'm kind, I don't like to admit to that
Too many people take advantage of that
I can't imagine anyone taking advantage of you
I don't believe it's even possible

She can keep you because that's not the kind of life I
want for me
Oh she is very welcome to you
Oh you should have an equal
Oh matching is important
And yeah cruelty deserves more cruelty
The innocent should keep out of this
And she's welcome to you
Oh she's welcome
Oh She can keep you
Oh She can keep you
Oh she's welcome to you
She's suitably matched
Yeah Yeah, She is welcome to you
If she is okay with behaviour like that
She's as bad as you are

She's as bad as you are
She's as bad as you are
Stay where you are!
Oh I don't want you
Stay where you are!
I don't want you
