I don't share, I won't try
I don't want 50%, give it is all or nothing
I won't settle for any less
oh I won't share, I don't like this half in half out rubbish
You either put your head on the chopping block or you
forget this
Cos I don't share and I won't, I just won't change my
mind
I don't like this bed hopping lark
I don't like it when they lie
I said I won't, won't share, and I won't change my mind
all or nothing, you're either in or you're out

I said I won't, won't share, and I won't change my mind
there's nothing left that I won't get from someone else
in time
you've got to know, I don't wait and I won't, won't chase
you've got to know, I won't chase you anywhere

I said I don't share and I will not change my mind
I said I just don't care, nobodys worth that kind of lines
I said I just want somebody who is mine
I will love them 100 % but I expect that back

I said, I don't want second best, I will not settle
You're either in or you are out
I won't share, don't you forget it
I will not change my mind cos my mind has been
madeup
I said I won't, won't share I don't love one enough
oh I will be all in or I'd rather be all out
but I won't hang around while you fucking make your
mind up
If you don't know instantly then it's a no, a no from me

I won't share, no I won't share
No I don't think nobody is worth that
