She is a heartless battle axe she is out to get
Said so many thing you wouldn't believe
she's making it, she's making it all up about me
Don't care what she thinks
cos her opinions just stink of rottenness

Don't believe her, she's trying to cage me
making my whole life hell

I hope I don't see you again
I hope we never never meet again
I hope we never meet again
I hope I never see you ever again

She is on the warpath and she wants blood
the truth is there is nothing between us ever since
you and me are enemies

I hope I never see you lady
I hope we never meet again
It is f~cking clear
