You've done such horrible things to me
And I forgave you time and time again
I was sure pure venom coarsed through your viens
but I was too addicted to give up on you then

You held a gun to my head
and you scared me near to death a multitude of times
Forced me to watch you kiss countless others
the list is endless, the list is endless
And you wonder why I find it so hard to supply the
words you want to hear
you wonder why I find it oh so hard to supply the words
you want to hear
the words you wanna hear

I love you but I'm so afraid of you
I love you but I'm so afraid of you
What will you do next I just don't know
I love you but I'm so afraid of you

Oh I just don't see it working out somehow
Oh but I need it to work somehow
Yeah I need it to work somehow
I'm beginning to think I need the torture
I'm beginning to feel lost without you pulling on my
strings
pulling on my strings

I love you but I'm so afraid of you
Yeah I love you but I'm so afraid of you
What will you do next I just don't know
I love you but I'm so afraid of you

Oh I love you but I'm afraid of you
oh I love you but I'm afraid of you
oh I love you but I'm afraid of you
I'm so afraid of you
but I love you

I'm so afraid of you but it's love it's true
I love you but I'm so afraid of you

What will you do next I just don't know
I love you but I'm so afraid of you
