So here we go again
It always ends the same way
You say you love me but
it doesn't feel that way

And I spend everyday wishing you loved me
I spend everyday wishing you cared
I spend everyday wishing you loved me
Yeah I wish you cared

But I know you, and I know you won't change
Yeah I know you, and I know you won't change
Wish you cared, oh I wish you cared
oh I wish you loved me
Oh I wish you cared, oh I wish you cared
yeah I wish you loved me

We are always falling apart
and you don't notice my aching heart
no you don't notice my aching heart
and it aches for you

And I wish you loved me
Yeah wish you cared
Yeah I wish you loved me
Yeah I wish you cared

But I know you, and I know you won't change
I know you, and I know you won't change
I wish you loved me, oh I wish you loved me
Oh I wish you loved me
Oh I wish you cared
oh I wish you cared
Yeah I wish you loved me
Oh I wish you cared, oh I wish you cared
yeah I wish you loved me
Oh I wish you cared, yeah I wish you cared
yeah I wish you loved me
