If I could see you again I'd hold you close to me  
Whisper in your ear all the things you want to hear  
I don't believe you, I don't believe you're happy  
I'd feel it if it were true  
And all I can do is wait until the day where you say  
maybe you want me

So how do I get through this?  
How do I get over you when you're all I think about day  
and night?  
So how do I get over this?  
How do I get over you when you're all I think about day  
and night?  
So how do I get over this?  
So how do I get over you when you're all I think about  
day and night?

How do I put my feelings aside when they are so  
consuming?  
How can i see with these tear stained eyes, and heart  
that is always screaming your name at night?  
How do I put it aside?  
How do I pretend I'm alright when I'm really not?

How do I get over this?  
How do I get over you when you're all I think about day  
and night?  
How do I get over this?  
How do I get over you when you're all I think about day  
and night?  
How do I get over this?  
How do I get over you when you're all I think about day  
and night?  
Oh how do I get over this?  
How do I get over you when you are all I think about day  
and night?  
How do I get over you?
