You live like angel in a cement heaven  
trying to find back home  
Caught in cage unable to fly  
you might find you are trying too hard

And all you ever wanted was someone to love  
you never asked anybody to judge you  
just wanted somebody to love you  
just needed somebody to love you  
somebody to hold these cold cold nights  
yeah somebody to love these cold cold nights

Leave your past and start anew  
Set flight and free  
I know exactly how you feel  
I feel the same  
I feel the same  
And all you ever wanted was someone to love you  
you never asked anybody to judge you

just wanted somebody to love you  
just needed somebody to love you  
somebody to hold these cold cold nights  
somebody to love these cold cold nights  
that's all you ever wanted  
that's all I've ever wanted  
just somebody to love  
yeah yeah somebody to love love love these cold cold  
nights  
oh yeah these cold cold nights
