Oh what a temptation you are
Oh what a temptation you are
Why can't I play nice with you?
Why can't I play nice with you?
I long to be with you but I can't tell you
I long to be with you but I don't tell you

Oh no I keep it secret
I keep it secret
Oh come and tempt me
I'll let you catch me, I'll let you catch me
oh come and tempt me
I'll let you catch me, I'll let you catch me
I'll let you into my world
I'll let you know you're my number one

You are weakness
You're just weakness
don't tell anyone, please don't tell anyone
I keep you secret
I keep you secret
You are weakness
You're just weakness
don't tell anyone, please don't tell anyone
Please don't tell anyone
I keep it secret that you are number one

I lose myself in those eyes
I try desperately to reach you
I'll lose my mind trying to show you my love
you are my weakness, you are my weakness
I lose my mind trying to show my love
You are just my weakness, you are my weakness
You are just my weakness

don't tell anyone
I keep you secret
you are my weakness
You are just my weakness
you are my weakness
You are just my weakness

but you're my number

I keep you secret
how my heart misses beats when you're around
I keep you secret
how my heart misses beats when you're around
I keep you secret
but you're my number one
