The first time I met you, you asked me if I was a boy or  
a girl?  
Not the most romantic gesture I've heard  
I walked away after a while as you were getting kinda  
creepy with  
some of things you said  
the second time I met you, you asked if I would sleep  
with you  
cos you had a girlfriend but you didn't know what to do  
with her

It's love in the strangest of places  
It's love in the strangest of times  
It's love in the strangest of places  
It's love in the strangest of times  
And everytime I see you  
you are doing something weird  
Oh I everytime I meet you  
you are saying something weird

We don't even go together, we don't even leave  
together  
somehow we keep meeting in the middle

Do you work as a mystery shopper?  
I keep meeting you in Asda  
I got tired of bumping into you and you kept turning up  
in Tesco too  
It's like the universe keeps trying to bring us together  
Why does the universe think I belong to you?

It's love in the strangest of places  
It's love in the strangest of times  
Oh it's love in the strangest of places  
It's love in the weirdest of times  
Oh It's love in the strangest of places  
It's love in the strangest of times  
It's love in the strangest of places  
It's love in the strangest of times  
The universe thinks I belong to you  
Oh the universe thinks I belong to you

oh the universe thinks I belong to you  
Oh the universe thinks I belong to you  
It's love in the strangest of places  
It's love in the strangest of times  
It's love in the strangest of places  
It's love in the strangest of times  
It's love in the supermarket  
It's love in the darkest of alleys  
It's love in the supermarket  
oh it's love all the same
