Ain't no mystery all we need
All we need is love
It ain't confusing
All we need
All we need is love

It's that one thing, the superglue that keeps us together
It's that one thing, the missing piece that we all need
All we need is love
All we need is love
All we need is love
All we need is love
It's all we need, the universal missing piece
We all need to find to survive

All we need is love
It's all we need
It's all we seek
It's all we need
It's the missing piece

All we need is love
All we need is love
All we need is love
All we need is love
It's the missing piece

All we need
All we need
All we need
All we need is love
It's the missing piece
All we need it's love

Everyone is the same
All we need is love
All we need is love
All we need is love
All we need is love
It's the missing piece
The superglue, that one thing

It's all we need
All we need is love
It's the one thing we need

All we need is love
All we need
All we need
All we need is love
It's the only thing we all need
All we need is love
All we need
All we need
All we need is love

All we need
All we need
All we need
All we need is love
