You shower me in all your kisses  
one moment you think you love me  
Next moment you think you shower me in rage  
All of a sudden you don't want me  
A risk you can't take, a risk you won't take

All I ever do is stand there and wait for you  
Praying that you say something that I could cling to

oh I think I love you  
Oh Yeah I really love you  
Oh I wish you loved me too  
but I know you just feel rage

I want your love and only your love  
I want your love and only your love  
I want your love and only your love  
I want your love and only your love

Wear your insecurities if you like  
Tell me any lie you like  
I won't judge you  
I won't say if you're wrong  
and I'll pretend it's okay, I'll play it so safe  
I'll play so safe

It's you I want and only you I want  
It's you I want and you alone  
It's you I want and you alone  
It's you I want and you alone  
It's you I want and you alone  
It's you I want and you alone  
It's you I want and you alone  
and you're the only one I want

All the others don't matter  
they don't count let's start again  
All the others don't matter  
they don't count let's start again  
All the others they don't matter, they don't matter  
anymore

All the others they don't matter, they don't matter  
anymore

It's you I want and you alone  
It's you I want and you alone  
It's you I want and you alone  
It's you I want and you alone  
It's you I want and you alone  
It's you I want  
It's you I want and you alone  
It's you I want, and you alone
