I know I don't deserve your love
I know I don't deserve forgiveness
But all I am asking is one more chance
I know you are the only one for me
I know I broke your heart so now you protect it
but when your ice age melts come and find me
oh when your ice age end come and look me up
oh when your ice age melts and you're ready to love
again
please love me

I know you're drifting out my reach
but I shall wait eternally
for the day when you return to me
and everything is as it should be
I know I broke your heart
but now I'm ready to love

When your ice age melts come and find me
when your ice age ends come and look me up
when you ice age melts and your ready to love again
please love me
When your ice age melts come and find me
when your ice age ends come and look me up
when you ice age melts and your ready to love again
please love me
please love me
please love me
please love me
