You don't need to worry all my love is reserved for you
All the distance make my heart miss you more
You should know I think you're perfection
You don't need to wear that makeup your beauty shines
through
oh I prayed the distance would make my heart fade but
it grows stronger
I love you
I tell myself that it is all just a lie
Oh how I try to deny what I feel for you

Oh my love you should know that
All my love is reserved for you
Cos I think that you are perfection in everything you do
Oh I think that you are perfection, there's nothing
wrong with you
Oh I think that you are perfection, I love everything you
do
Yeah I know that you are perfection, I couldn't love
anyone but you
all my love is reserved just for you
all my love is reserved
all my love is reserved just for you

I look in your eye I'm called down on my knees
There is nobody that can make me quake the way that
you do
I said oh you're perfection in everything you do
Oh oh you're perfection in every single way
Oh oh you're perfection in every thing you do
oh oh you're perfection, perfect just for me

All my love is reserved
All my love is reserved just for you
All my love is reserved
All my love is reserved just for you

Oh oh you're perfection in everything you do
oh oh you're perfection in every single way
oh oh you're perfection in everything you do
yeah yeah you're perfection, perfect just for me

oh oh you're perfection, without your makeup on
oh oh you're perfection, the one just right for me
