going to leave for I said too much again  
I let myself down and took you with me  
I'm trying to hide but you know what I'm feeling  
inside you know I wanna be with you

Make it so hard to try to love me  
I only give you reason to doubt me  
It is true I love you

If you want me to stay just say now  
If you want me to stay just say  
If you want me then say right now  
just say  
say now  
say now

No apologies requested  
I don't want be another regret  
Oh no, not another regret

If you want me to stay just sy now  
If you want me to stay just say  
If you want me then say right now  
just say  
say now  
say now

Say now  
say now
