Oh my love this has gone on too long
I cannot do this anymore for you
Oh my love when will it stop?
When will it stop?
There seems to be no limits to what you'll do
And I'm so powerless next to you
Oh I'm so powerless next to you
Oh so powerless

I cannot wait on the shelf my whole life
I cannot step back and just hope you'll change your
mind
I cannot wait on this shelf my whole life
I cannot watch my life pass me by

Oh my love, there's no other I'll need
None I'll love so deep
Oh my love there's no other I will seek
but you're not meant for me

I cannot sit on that shelf
Oh my love I cannot sit on the shelf my whole life and
just wait
Oh You cannot expect that of me but I know you do
Oh my love play fair with me
Try not to be so cruel with me
