Wouldn't it be great if only it could be as simple as I like
them and they like me?

No more complications or aggravations just
straightforward you like me and I like you

It would be great but it never is that way

Wouldn't it be fabulous if life was more straightforward
than this?

Wouldn't it be just spot on if it was that easy?

Just walking in the supermarket and pick up the one you
want to meet

If only it was as straightforward as running a bath

Oh if only it was a walk in the park

Oh If only I was lucky

If only I was lucky in love

If only I was lucky

If only I was lucky in love

If only I was lucky

If only I was lucky in love

If only I was lucky

If only I was lucky in love

Wouldn't it be more nice if they liked me and I liked
them?

And not in a psycho way more in a nice gentle way

Wouldn't it be nice if there was no more mind games?

Wouldn't be nice if everybody just got on?

Wouldn't be great if we could all be friends?

Even those of us that have a hard time together

Oh if only I could be lucky

If only I could be lucky in love

If only I was lucky

If only I was lucky in love

If only I was lucky

If only I was lucky in love

Why doesn't nobody like me?

I'm always standing on my own

And I say, it's not that it bothers me

I quite like my own company

It's just, you know, this girl has needs
If only I was lucky
