Can we freeze time and step back to where we were  
before?  
Please meet at the bar in the Polo Lounge like you did  
before  
I'm so sorry things went so wrong  
Let me make it all up to you  
Let me spend my whole life making it up to you

Don't worry about what was said  
it's all just history  
it's all just history  
Don't worry about what happened  
it's all just history  
it's all just history  
you are my special one  
the one I've waited for

you are my special one  
you are my special one  
the one I've waited for  
you are my special one

We could put it right  
We'll be the best team  
none of the others could compare  
I know you, I know you  
there is something about you so familiar and true  
don't you know that I'm the one for you  
don't you know that I'm the one for you  
I'm the right one at the right time  
I'm the right one at the right time

you are my special one  
the one I've waited for

you are my special one  
you are my special one  
the one I've waited for  
you are my special one  
you are my special one  
you are my special one  
the one I've waited for
