I've lost the plot but I'll admit it
I keep good company on my own
I don't need you
Don't tell me what to do
or I'll go out my way to do the opposite of what you
want

I'm sweet enough without you
Don't need what you are selling
I'll get along fine without you
I'm sweet enough without you
Don't need what you are selling
I'll get along fine without you
sweet enough without you
Don't need what you are selling
I'll get along fine without you
I'm sweet enough without you
Don't need what you are selling
I'll get along fine without you
I'm sweet enough

So who to assign blame to
Know somebody has to take responsibility
Like any organisation, someone's head must roll
And that someone won't be me

I'm sweet enough without you
Don't need what you are selling
I'll get along fine without you
sweet enough without you
Don't need what you are selling
I'll get along fine without you
I'm sweet enough without you
Don't need what you are selling
I'll get along fine without you
I'm sweet enough without you
Don't need what you are selling
I'll get along fine without you
I'm sweet enough

I'll get true love one day

but until then I'll just love myself
I'll get true love one day
but until then, yeah I will just love myself

I'm sweet enough without you
Don't need what you are selling
I'll get along fine without you
I'm sweet enough without you
Don't need what you are selling
I'll get along fine without you
I'm sweet enough without you
Don't need what you are selling
I'll get along fine without you
I'm sweet enough without you
Don't need what you are selling
I'll get along fine without you
