Tell me this is it  
Tell me this is for keeps  
Tell me that finally I've got it right and I'm not, I'm not

\*chorus

Temporarily blinded, desperately seeking love  
Temporarily blinded, desperately seeking love  
oh Temporarily blinded, desperately seeking love from  
you,  
from you

Hold me, hold me together  
show me this is forever  
love me, your love is all ask for,  
ask for

\*chorus

Temporarily blinded, desperately seeking love  
Temporarily blinded, desperately seeking love  
oh Temporarily blinded, desperately seeking love from  
you,  
from you
