All these years of evolution and still
the human race's egocentorism can't be cured
They could cure diseases but instead
they choose to start wars

And I'm not to blame
I'm not responsible for the downfall of humanity
And I'm not to blame
I'm not responsible for the downfall of humanity
The human race was always flawed
Too self obsessed to see the score
The human race was always flawed
Too self obsessed to see the score

Apes in the trees could teach you to raise a family
better than you bring your kids up
humans didn't have enough love in their hearts
for every creature on the earth so they wiped most
them out
for sport and for food
Oh they wiped most them out just for sport and for
food

I'm not to blame
Cos I'm not responsible for the downfall of humanity
Oh I'm not to blame
Cos I'm not responsible for the downfall of humanity
The human race was always flawed
Too self obsessed to see the score
The human race was always flawed
Too self obsessed to see the score

So you post letters through my letterbox
Shout names accross the street
because I refuse to be what you want me to be
And I won't confirm for you are not a good example
of a human being

I'm not to blame
I'm not responsible for the downfall of humanity
Oh I'm not to blame

I'm not responsible for the downfall of humanity
The human race was always flawed
Too self obsessed to see the score
The human race was always flawed
Too self obsessed to see the score
