She says she's just buying time  
He could never please her so he has to go  
Yeah he really loved her  
but he bores her to tears  
Enough is enough this time it is clear that

She's going to trade him in, she's going to trade him in  
She'll get a better model  
She's going to trade him in, she's going to trade him in  
She'll get a better model  
She's going to trade him in, she's going to trade him in  
She'll get a better model  
Woohoo

He's like a puppy dog  
She keeps him on a tight lead  
Her little puppy dog will be back in the kennels again  
She hopes he will go to a good home but she won't  
reconsider

She's going to trade him in, she's going to trade him in  
She'll get a better model  
She's going to trade him in, she's going to trade him in  
She'll get a better model  
She's going to trade him in, she's going to trade him in  
She'll get a better model  
Woohoo

She says men are like are cars  
you shouldn't keep them too long  
She says men are like cars they lose their value after a  
while on the road

She's going to trade him in, she's going to trade him in  
She'll get a better model  
She's going to trade him in, she's going to trade him in  
She'll get a better model  
She's going to trade him in, she's going to trade him in  
She'll get a better model  
She's going to trade him in, she's going to trade him in  
She'll get a better model

She's going to trade him in, she's going to trade him in  
She'll get a better model  
She's going to trade him in, she's going to trade him in  
She'll get a better model  
Woohoo
