Welcome to my neighbourhood they are watching you  
Peering in your windows  
And stalking you  
Welcome to my neighbourhood they won't lend a hand  
If somebody robs you I guess they'll go blind and not  
understand what the fuss is about

Welcome to my neighbourhood  
They'll sell lies about you  
Welcome to my neighbourhood  
where it's hard to pay rent it's true so  
They sell lies. They sell lies  
They sell lies about you  
They sell lies  
Welcome to my neighbourhood  
I hope you don't need help  
No one will come rushing  
No one will come out  
Welcome to my neighbourhood  
Welcome to hell  
Welcome to my neighbourhood  
Welcome to hell  
Welcome to my neighbourhood where they sell lies  
about you  
Welcome to my neighbourhood  
Welcome to hell  
Welcome to my neighbourhood  
Welcome to hell
