Yes I don't mean to, I can't help myself  
I just feel like, the thunder getting louder inside my  
heart  
I said, I don't want you and I don't love but I can't stand  
it when  
her hands are on you  
I said, I don't want you but everytime she touches you  
I get mad mad, I get mad mad, I get mad mad, I feel  
mad mad  
Oh I said I don't, I don't want you but I don't want her to  
have you, no no  
no no no no no no

I put you free, oh you should run cos I might be  
tempted to catch up on you  
I can run real fast, no it won't last  
I said, don't, don't, don't, don't push your luck  
I said, I said I didn't want you but everytime her hands  
are on you  
I feel mad, I feel mad, I feel mad, I feel mad mad mad  
I said I didn't want you and let you go  
I said I didn't love you and should know  
but cant help myself when she touches you I feel mad  
mad  
I said I don't want you  
I don't love you just to keep you would be so cruel  
but everytime she puts her hands on you  
I can't all the things I do  
I feel mad mad  
I feel mad mad  
I feel mad mad  
Oh I feel mad mad mad  
mad mad mad for you
