What's the worst that could happen?
What's the worst that could happen?
You still can't quite make your mind up
Worst case scenario would be it goes on like this
forever more
Oh it could go like this forever more

See you always make it look like you've decided and
then behind the scene things are happening
Always happening, it's never as it's painted

Oh worst case scenario is that this will never end
Oh worst case scenario it goes on and on and on and
on
Worst case scenario you'll always be there in the
background
Worst case scenario means it's not safe for me to
move on

What's the worst that could happen?
Don't want anybody else getting involved
Don't want anybody else getting hurt
Oh what am I meant to do?
I don't even know what to say to you
I don't know, I just don't know

Worst case scenario would be for this to go on
Worst case scenario it would go on forever more
Worst case scenario you'll always be there in
background
Worst case scenario I don't think it's safe for me to
move on

What's the worst that could happen?
It always is with you
Worst case scenario
It always is with you
It always is with you
Worst case
It always is with you
It always is with you
