you say you love me  
but why did it take you so long to miss me  
A whole month later before you called  
and so the story goes  
I took the blame on my shoulders  
but you were too angry to feel love  
too angry to love

No you don't know know know know  
No you don't know know know know  
No you don't know know Know  
how to love

No you don't know know know know  
No you don't know know know know  
No you don't know know know  
how to love

To look through your eyes would be so scary  
I don't think it is love it is obsession  
You just need to own me  
Quit telling me all those lies, you're tripping on your  
own words  
Stop saying you love me and I'm the only one if you  
don't mean it

Cos you don't know know know know  
cos you don't know know know know  
Cos you don't know know know  
how to love

cos you don't know know know know  
no you don't know know know know  
no you don't know know know  
how to love  
No you don't know how to love  
no you don't know how to love  
oh no you don't know, no you don't know how to

cos you don't know know know know  
cos you don't know know know know

cos you don't know know know know  
cos you don't know know know  
how to love
