I think you should come with warnings danger this will
blow your mind up
I'm not even being dramatic this time I'm telling it as it
really is
Oh my fucking God you really fucked me up beyond
repair
I really did that psychology would help me but I needed
a psychiatrist
A psychiatrist
A psychiatrist
Messed me up beyond repair
Messed me up beyond repair
A psychiatrist

Oh it was a few pills at first
Then it became sedation
Then after a while it was containment
Oh my fucking God

I was so messed up I couldn't do anything but cry and
all the nurses were kinds...well actually some of them
were cruel

Oh I needed a psychiatrist
Oh I needed a psychiatrist
Oh I needed a psychiatrist
Oh I needed a psychiatrist

I think you should come with warnings stay clear this is
someone who messes up your physical and mental well
being

A psychiatrist
I needed psychiatrist
Messed me up beyond repair
Oh I needed a psychiatrist

After all this time I spent with you
Oh my God
Beyond repair
A psychiatrist

Beyond repair
Oh my fucking God you really messed me up
Oh my fucking God
Oh my fucking God
Oh my fucking God
You really fucked me up
Oh my goodness
