you seem so unsure of what you want
like you are trying to find something you lost
don't be so sad, we can fix this
stop looking back, the past is the past

it'll be alright, you don't need to worry
it'll be alright
cause I'd never stray
cause I'd never stray
your heart is safe in my hands
I'd never stray
I'd never stray
I'd never stray
your heart is safe in my hands

take a deep breath, find where you are
don't you worry, it'll be fine
If I have to wait then I will wait
standing by your side, you're never alone

I'd never stray
I'd never stray
I always stay

I'd never stray
I'd never stray
your heart is safe
I'd never stray
I'd never stray
I'd never stray
your heart is safe
I'd never stray

your heart is safe
your heart is safe
I'd never stray

your heart is safe
your heart is safe
I'd never stray
