Chorus

Every day is a long time waiting
Every night is alone and cryin'
Your memory is a long time fadin'
Every tear has a reason why, every tear has a reason
why

Echos are fillin' the hallways, bringin' back those better
times

The smell and the touch and the taste of you won't
leave my mind
You're a ghost in the house we lived in, I can feel you
everywhere
I know better than to hope that you still care
But I keep lookin' for you out there

Chorus

You came in like the dawn of a new day, now the dark
is settlin' in
I don't know if I can find a life worth livin' again
In the night, in the still of the shadows, I can't help but
wonder why
I bought into a trouble that no one else would buy
And every tear has a reason why

I chased you until you caught me, caught me so
unaware
Look at all the things you taught me about a dead end
love affair

Chorus
