Across a county line
In a cheap motel
Lyn' next to her
There's a new day wakin'

Never felt this sure
Of anything before
No question in his mind
About the chance he's takin'

Don't know where they're goin'
But they know just what they're after
In each other's arms they always
Seem to find their way to love and laughter

First mornin' light
On her new wedding band
She's talkin' on the phone
Sayin', "Momma I'll miss you"

They can't help, but laugh
As momma starts to shout
She covers up the phone
And reaches to kiss him

Momma can't remember how it feels
When you can live on love and laughter
Love and laughter

He's struttin' like a hero
She looks just like a dream
There's nothin' in their suitcase
But those two have everything they need

Love and laughter, love and laughter

She takes a highway map
Covers up her eyes
Points to a little town
And says, "Let's go there"

Anywhere at all

Will be their honeymoon
Under big city lights
Or in the middle of nowhere

Don't know where they're goin'
But they know just what they're after
In each other's arms they always
Seem to find their way to love and laughter
Love and laughter

Love and laughter
