Baby you put my love on hold  
You gave me a peek at the pot of gold  
Now you're givin' me the run around

You gave a taste to a hungry heart  
One day together and a month apart  
Babe you put my love on hold

Chorus  
Holdin' on to a ray of hope  
To the end of a frayin' rope  
Time is slow and the weather's cold  
Baby when your love's on hold

Sittin' here wonderin' what to do  
Until the next time I hear from you  
And you're givin' me the run around

Why you reachin' if you won't take  
The love that you get is the love you make  
And this ain't the way to go

Chorus  
Bridge  
The call is waitin' from this heart of mine  
You had my number all along  
Now you're leavin' me hangin', hangin' on the line  
But I won't be waitin' here too long

Tell me where do I stand with you  
Are we just startin' or are we through  
Baby are you hot or cold

I got things that I need to say  
But you're makin' me feel like I'm in the way  
And I'm not here to hang around

Chorus 2X
