"Red Dog In The Morning"

Visit "[Red Dog In The Morning](#)" on MotoLyrics.com

It's a red dog in the morning
Black dog in the afternoon
Red dog in the morning
Black dog howlin' at the moon

When you see me a comin'
Raise your flag way up high
Put that green wood on the fire
See your smoke when I pass by

I was walkin' up the cane break
I thought I heard you call my name
I gave my horn a long blow
You can hear me just the same

It's a red dog in the morning
Black dog in the afternoon
Red dog in the morning
Black dog howlin' at the moon

Stretch a hide out on a barn wall
Rub and scrape and tan and tame
Take my corn to the millpond
Pay that man to grind my grain

It's a red dog in the morning
Black dog in the afternoon
Red dog in the morning
Black dog howlin' at the moon
