My world turns from shadows to light
From blindness to sight
Sober to tight

You're makin' me feel like a king and a pawn
When you're here and you're gone
Turnin' me off and on

Chorus:
I'm never sure if you're lettin' me go or if you're really
mine
I need you to show me, let me know, if you're really
mine
It's now or never baby, not much time
Gotta show me a sign

You're makin' me feel like I bought it and paid
When you came and you stayed
Now my nerves are frayed

I wonder if I should give up this fight
Try as I might
I'm still lonely each night

I want to hold you
I long to fold you in my arms
Like I told you
My world can't live without your charms

Are you really mine

My world turns from shadows to light
From blindness to sight
Sober to tight

You're makin' me feel like a king and a pawn
When you're here and you're gone
Turnin' me off and on, babe

Chorus

Shadow to light

Sober to tight
Blindness to sight
Well, you know it's not right
Shadow to light
