I'm a broken man  
This here's my broken band  
From a broken land  
We take the good, the bad  
yeah

I'm a broken man  
From a broken land  
This here's my broken band  
From your hand  
yeah

I'm a broken man  
This here's my broken band  
From a broken land  
We call Detroit City  
There's no blood on these hands  
That's why we came to take a stand  
We take the good, we take the bad  
It's all we ever -  
It's all we had  
yeah

I'm a broken man (x6)
